Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Claims 1 and 9 were discussed in the interview.

Applicant discribe where claim 1 regard faster parallel processor with out the use of external memory. The reason for faster parallel processing not using external memory and the memory manager, where the memory manager is seen as the bottleneck for true faster parallel processing. Memory that are use by the processors are the register that are with the processors already.

Claim 9 uses external memory due to the reason of viewing the whole frame for processing of objects in the.
